OBJECTIVE

I am an environmental project manager turned software engineer seeking an entry level position where I can blend my proven project management skills with my knowledge in software design and development. I completed a full stack software engineering bootcamp in June 2023 while maintaining full time employment as a project manager at an environmental engineering firm. Since graduation I have continued to sharpen my skills and build new applications to be fully confident to begin my career as a developer. I am looking for any opportunity that will allow me to continue learning and growing on the foundation I have already developed thus far.

CERTIFICATIONS

- **Full Stack Software Engineering Bootcamp**
General Assembly, December 2022 - June 2023
SKILLS: GITHUB · JAVASCRIPT · CSS · HTML5 · NODE.JS · SQL · MYSQL · FRONT-END DEVELOPMENT · BACK-END WEB DEVELOPMENT · PYTHON · REACT.JS · DJANGO · FLASK · MONGODB · EXPRESS.JS
- **JavaScript Algorithms and Data Structures Masterclass** (UDEMY)
- **Automate the Boring Stuff with Python Programming** (UDEMY)
- **Python Data Structures & Algorithms** (HarvardX)
- **CS50's Introduction to Computer Science** (HarvardX)
- **CS50's Understanding Technology** (HarvardX)
- **CS50's Web Programming with Python and JavaScript** (HarvardX)
- **CS50's Introduction to Artificial Intelligence with Python** (HarvardX)

PROJECTS

- **AnthropoMorpheus** — CRUD Express Store
 - Built an online store using Node.js, Express, Mongoose, and EJS templates. The project involved creating a platform that enables users to create an account, browse, and add a wide range of coming-soon technology products to their Wishlist. The user authentication data and products are stored on MongoDB.
- **Rat Race Survivor** — Vanilla JS game
 - Built a canvas style runner game just using my JavaScript, HTML, and CSS skills. The game uses keyboard keys to move a mouse through the city streets while avoiding any enemies (poison and cats).

EDUCATION

Environmental Studies, Master of Science

Adelphi University, 2019 -2020

Natural Sciences, Bachelor of Science

Adelphi University, 2017 -2019

EXPERIENCE

Velocity Consulting, Inc. — Project Manager

April 2021 – October 2023

- Proven track record in managing project timelines effectively and ensuring projects are delivered on schedule including Property Condition Reports, Phase I Environmental Site Assessments, Construction Monitoring, and Database reviews.

- Skilled in conducting thorough assessments and reviews, utilizing a meticulous approach to identify potential environmental risks and provide actionable recommendations for remediation and compliance.
